Raesian is a pupil barrister in the [Crime](#) team, and is currently completing her pupillage under the supervision of [David Scutt](#).

Prior to pupillage, Raesian volunteered her knowledge of criminal procedure for a number of charities and organisations, including the Prison Advice and Care Trust. She also spent several years providing practical advice to litigants in person and, separately, assisted at a prominent solicitor's firm during multiple summer breaks.

Raesian's skill set has been improved by her successful mooting experience. She competed whilst at university and continues to partake in mooting and advocacy competitions. In addition, client care is a skill that she has matured throughout her non-legal work experience, most recently in her role at the National League Trust where she liaised with over forty national football clubs.
